UNTIMELY DEATH OF MRS. CLARA CHASE ROUSSELL.

Untimely an inexpressably sad was the death of Mrs. Clara Chase Rossell, the young wife of Frank Rossell, who passed away unexpectedly at her home in Stambaugh street Sunday afternoon.

Mrs. Rossell was the mother of a six-day-old baby and her condition was considered to be favorable. Her husband was sitting by her bedside when she was siezed with a sudden attack of heart failure, and although physicians were hurridly summoned she sank into unconsciousness and passed away. The news of her death which spread rapidly, was a shock to her many friends.

Mrs. Rossell was the youngest daughter of the late Mr. and Mrs. John Stafford, pioneer residents, and was one of the bright and popular girls of the community. She leaves her husband and three young children to mourn her loss. The deceased is also survived by a sister, Mrs. J. L. Ross, and two brothers, Tom stafford and H. S. Sears.

The funeral took place Tuesday, the sorrowing occasion drawing many friends to the stricken home. Rev. A. W. Darwall of St. Peter's church conducted the services. The deceased was laid to rest in Union cemetery.

Mr. Rossell is deeply grateful for for the kindness and sympathy shown him and his family during his sad bereavment and he desires to publicly return thanks to all.

RAILROAD ACCUSED OF RATE DISCRIMINATION.

The case of the residents of the peninsula against the Southern Pacific, charging discriminaton in favor of the bay cities, is now complete, and will be filed with the State Railroad Commission within the next few days. A conference was held recently between Attorney Seth Mann, who has been retained by the San Mateo County Development Association, and Henry P. Bowie of Hillsborough, Rev. W. A. Brewer, W. J. Martin and L. E. Fuller representing the association. At this meeting the final details were inserted and the briefs closed.

The case against the railroad company containing figures, tables and maps which have been prepared, showing that the fares down the peninsula are two and three times more than to points the same distance across the bay. False mileage, poor schedules and other disadvantages suffered by the peninsular towns are contained in the briefs. The people of San Mateo county regard the placing of the case before the commission as an event of great importance, and believe that it will result in untold benefits to the peninsula.

RED CROSS ASKS AID FOR FAMINE-STRICKEN CHINA

As presiding officer of the American National Red Cross, President Taft has issued an appeal to all Americans for funds to relieve the famine stricken people of China. An American agent of the Red Cross, who has recently traveled through the famine district report conditions of starvation of the most appalling character. Until peace is restored and the functions of efficient government are established these conditions must continue, except as they are relieved by the charitable efforts of other countries. Therefore the Red Cross calls once more on the American people to come to the relief of a sister nation with that generosity which has never failed in times of emergency. Contributions will be received by Mrs. Robert Brown, president, or Mrs. J. N. Winter, secretary of the Redwood Chapter of the Red Cross.

NEW ELECTRIC POWER COMPANY REACHES BAY.

With the advent of the Great Western Company, a new competitor in the supply of electricity on the Peninsula is promised and possibly additional railroad facilities.

The Great Western is popularly supposed to be an enterprise in sympathy with the Western Pacific railway. Its source of power is in the Feather River canyon, and it plans to develop over 100,000 horse power. Its wires reached San Francisco Wednesday morning last when a great cable was laid across the bay from the Western Pacific pier at the mouth of Oakland creek, and it announces that it has already 10,000 horse power ready for use on this side of the bay.

A franchise was granted two weeks ago by the Supervisors of Santa Clara County for its high power wires which are being strung around the south end of the bay. This system will be laid through Palo Alto, and it is said the norther peninsula.

GEORGE BEMENT PASSES AWAY AT FRUITVALE

Word was received here Sunday evening of the death of George Bement Jr., once a well-known resident of this place, but who for the past ten years has lived in Fruitvale. Early last week Mr. Bement was stricken with pneumonia and though he made a brave fight and was surrounded with the best of medical assistance and nursing, death followed in but five days. The funeral services were held on Wednesday morning and the burial was at Mount Olivet, where the bodies of his parents and his brother, the late Wm. Bement, rest. Mr. Bement leaves to mourn him, his widow and two young children, his sister, Miss Mary Bement of New York and Mrs. Claude Fox and a brother, Caleb Bement.

REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

[Concluded from last week]

Dr. Powell was taken in charge by a number of citizens who had wit nessed his act, and was taken to the county jail, where he was held pending the result of his act. On Thursday a coroners jury, composed of John Poole, P. Cullen, C. Hadler, A. Cook, Leo Indig, H. W. Walker, J. H. Titus and Louis J. Frank, was called by Justice Welch, and after taking the testimony of a number of witnesses, returned a verdict charging Dr.Powell with the crime of murder. Later a complaint charging murder in the first degree was made against Powell by District Attorney Buck, assisted by Attorney Samuel M. Shortridge, who had volunteered his services to assist in the prosecution of the murderer. Powell, who was held in jail without bail, secured the services of Attorney Geo. C. Ross and began preparations for a hard legal battle, one which finally drew out over more than a years time and resulted in many bitter criticisms.

The funeral of the murdered wan was held on Friday, the services being conducted by the Native Sons of the Golden West, of which order he had been an honored member, the remains being interred in St. John's Cemetery at San Mateo. The funeral services were held at St. Peter's church.

The impressive burial services of the Episcopal Church was read by Rev. Dr. Lyons, rector of St. Stephen's Church of San Francisco, who in a funeral discourse paid a glowing tribute to the life and work of the dead editor. The esteem in which Mr. Smith had been held in the community was well attested by the large concourse of people which gathered at the church to pay the last testimonial of love. The deceased had been an active member o the Native Sons of the Golden West and the Knights of Pythias, both of which orders took part in the final services which consigned the remains to their last resting place in St. John's cemetery at San Mateo.

The murdered man was a native of San Mateo, county, having first seen the light of day at San Mateo, and at the time of his untimely taking off was but 34 years of age. Besides a multitude of friends, he left to mourn his death, a widow and young son.

The long legal battle which finally resulted in the escape of Dr. Powell from the penalties of his crime began with the investigation of the facts surrounding the death of Mr. Smith by the coroner's jury. After hearing the testimony of Chas. Wentworth, George Holden, Chas. Jacobson and JohnF. Ford, the latter of whom was the first to place Dr. Powell in custody, the jury rendered a verdict charging Powell with wilful murder. A few days later Powell was taken before Justice of the Peace R. C. Welch of this township for his preliminary examination. This resulted in the Justice reducing the charge to manslaughter and fixing of the bail of the accused man at the insignificant sum of $5000. Evidently considering this action of the Justice but a travestry upon law, Judge Buck, then the district attorney, prepared a second complaint, charging murder and secured the issuance of a warrant on the charge by Justice McDermot of San Mateo and as Powell atempted to leave the court room he was again taken into custody of the sheriff and lodged in the county jail.

Then began the hard fight of Attorney George C. Ross to save his client from the penalties of the law. For some time Powell was compelled to occupy a cell in the jail the Superior Court of this county refusing to permit his release on bail. After several unsuccessful attempts to secure the sanction of the local courts of the temporary liberty of the prisoner, during which one appeal was made to the Supreme Court, Powell was finally taken before the Superior Court of another county and bail was accepted in a considerable larger amount than that designated by Justice Welch in the first instance. Four times Dr. Powell faced trial for his crime, the battle covering a period of nearly two years. The case was first tried in this county several months after the crime had been committed and resulted in a disagreement of the jury. Again securing his liberty on bail, Attorney Ross again prepared for a battle in the local Superior Court, delaying the hearing for several months longer. At the second trial the jury again failed to reach an agreement, when the district attorney, seemingly despairing of securing what he regarded as an impartial trial at home, secured a transfer of the case to the courts of San Francisco. There, freed from the influences of local factional feeling, a trial soon resulted in a conclusion, the jury finding the prisoner guilty of the crime of murder. In securing the transfer of the case to San Francisco, however, the district attorney seemed to have overlooked one important essential of legal proceedure, in that the accused had been given no notice of the attempt to change the place of trial as was his right, and an appeal to the Supreme Court by Attorney Ross for his client, secured an reversal of the judgment and and order for a fourth trial. This brought the case back to the courts of this county, but the lapse of time had done much to weaken the case of the prosecution and the trial resutled in a verdict of acquital.

Too late for Mother's Funeral

Henry Grimmenstein, arrived in Redwood City from Indianapolis Tuesday, two days too late to attend the funeral of his mother. Mr. Grimmenstein left Indianapolis Friday night on learning of his mother's death and hurried to the coast, hoping to see her before she was laid in the grave, but the funeral could not be delayed. He will return to the east this week. Mr. Grimmenstein is the chief owner of the Vonzone Perfume Company of Indianapolis and is doing a large and profitable business.

COUNTY RESIDENTS CONVINCE STATE HIGHWAY COMMISSION

Members of the tri-county delegation, representing San Francisco, San Mateo and Santa Clara counties, and also a delegation from Alameda county, practically demanded from the State Highway Commission at Sacramento last Wednesday a modern boulevard extending from San Francisco to San Jose, and from San Jose extending through Niles and Haywards to Oakland.

An assurance was received that the bay counties will receive the fairest treatment in getting a share of the $18,000,000 bond issue.

Incorporated cities, however, must take care of the roads within their boundaries, and counties must provide not only rights of way through them, but must furnish the bridges over which the roads will run, according to decisions made by the State Commission.

San Mateo county was represented at the meeting of the State Highway by H. C. Tuchsen of Redwood City, L. E. Fuller of San Mateo, and Supervisors P. H. McEvoy, W. H. Brown and Jas. T. Casey.

The various members of the tri-county committee gave arguments why the wishbone route should be selected as part of the State highway scheme.

W. J. Martin of South City said, "We come here for a united common purpose. We represent 40 per cent of the taxable property of the State. We feel that we have a right to the first consideration of our wishbone route. It is much broader than a purely local movement. This State is looking forward to the year of the exposition and the visiting millions of people should secure a favorable impression of our great State. From San Francisco as a focal point the visitors will radiate out along the highways that will be built and their first impression of the State will be gained along the great boulevards. We want the highway now and we want it of the highest class materials that can be secured."

Supervisor W. H. Brown of this county told the commissioners that San Mateo county had already planned to spend a million and a half dollars in building modern roads.

Following the conference with the State Highway Commissioners comes the news that the comm sion has ordered a survey of those parts of the State through which it is proposed to build the State roads. Route 2 will run from San Francisco through this county to San Diego, and Route 5 from Stockton to Santa Cruz, via Oakland and San Jose. This will give the people a road around the bay such as is described in the "Wishbone" route.

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

The Pacific Coast Steel Company of South San Francisco has selected Dr. H. G. Plymire as its company physician.

Mrs. G. Carroll has purchased the business of the Empire Hotel at South San Francisco. The hotel will be formally opened its new management on Sunday evening.

Frank Marceau, who hasbeen ill in San Francisco for some time past, returned to his home in San Bruno last Saturday considerably improved.

Members of the San Bruno carpenters' union will enjoy a banquet at Green's hall this Saturday evening.

Burlingame's public library is becoming quite popular among the residents of that city. Last week the library trustees placed about 200 new books upon the shelves.

The trustees of the new Burlingame school district have fixed March 1st as the date for the bond election. So far the school board has not made a selection of a site for the new school building, but have invited tenders for a centrally located lot for the purpose, and as soon as sufficient offers have been submitted will refer the choice to a public meeting. Considerable difference of opinion exist among the people of the district on the bond question and both sides are active in urging registration of voters.

The Socialists of San Mateo have decided to join as a party in the coming municipal contest. With this end in view, members of that party will hold a convention this afternoon for the purpose of selecting their candidates.

In order that the proposed system of roads for Hillsborough shall not fall shorts in any particular of measuring up to the standards set for the municipality, the trustees have decided to ask the voters to authorize abond issue of $150,000 for that purpose. That the residences of the city de lux may be adequately protected from ravages of the fire fiend, the voters will also be asked to authorize a bond issue of an additional $15,000 with which to equip a fire department.

Miss Rebekah Hooper, one of the teachers in the Halfmoon Bay high school is the inventor of a new sanitary drinking cup device which is said to be thoroughly practicable inits operation. As a part of the invention is a paper cup for the device, one of which automatically drops into place as the old one used is ejected. It is understood that Miss Hooper has already disposed of the right to manufacture her invention at a good price and that backed by ample capital it will soon be put upon the market.

Another manufacturing enterprise is soon to be launched on the coastside. Buildings are now being erected at Granada by the Pacific Box Factory, the building now under consrtuction occupying a ground space of 30 by 80 feet and to be two stories in height. Boxes and drums will be manufactured to supply the local demand, which of late has assumed large proportions.

Saturday is to be observed as tree planting day by the residnets of Montara. This work is to be under the direction of the Montara Welfare Club, and the day will be devoted to planting trees and flowers along the streets of the thriving little coastside town.

The directors of the Bank of Halfmoon Bay are considering a plan for turning that institution into a national bank. An application for a national bank charter is now being prepared.

Pescadero Correspondence.

James McCormick is able to be out again after a week's illness.

Dr. D. E. Blackburn and J. H. Sadler made a flying trip to Redwood City and San Francisco this week.

Mrs. Connor, mother of Mrs. Ward, passed away at 8 o'clock Wednesday morning. Mrs. Connor was past 88 years of age.

Mr. and Mrs. R. E. Steele, of Torquay, spent the week visiting friends in Pescadero.

L. Coburn and wife are in San Francisco.

Miss Addie Woodward of Santa Cruz has been visiting with her father, F. A. Woodward.

Mrs. Ben Blaisdell of Santa Cruz is visiting in Pescadero.

The public schools will open next Monday, February 5th.

Pigeon Point is in shape now for shipping lumber or any other produce. There is 24 feet of water at low tide, so any deep water vessel can load. With two saw mills bringing lumber there the lumber can be shipped from here to any point on San Francisco Bay or even to Panama, as Coburn has a first class quick acting engine and pull back drum for the loading of anything. With about a half mile of track to be laid for a large lumber yard, it will be a first class place for loading and Coburn is ready and willing to accommobate all that come.

WILL EXTEND STREET RAILWAY FRANCHISE

New Line Will Aid Development of Extensive Enterprises in Industrial Sections

A decidedly forward step in the settlement of differences of opinion which have existed as to necessary requirements of the long pending street railway franchise was taken Wednesday evening at a conference of the city council, members of the Board of Trade and Judge Fitzpatrick. The spirit of the meeting was decidedly that of a "get together" sentiment, all showing a disposition to discuss harmoniously every proposition looking to the safeguarding of the interests of the city as well as to offer every encouragement for the efforts being put forth for the upbuilding of local enterprise. As the representatives of the council, Trustees Merrill, Hynding and Sampson were present, while the Board of Trade was represented by a goodly number of its most active members.

President Tuchsen of the Board of Trade presided over the deliberations of the meeting. In stating the causes leading to the calling of the conference, Mayor Merrill, called attention to the fact that the granting of the proposed franchise had been long delayed because of the apparent differences of opinion as to the necessary requirements and the desire of the trustees that all interested might be given an opportunity to be fully heard. The trustees now felt that the welfare of the city demanded that final action be taken without delay, as it had become evident that the loss of further time might hazard the establishment of desirable enterprises in the city.

In reply to a question from Mr. Tuchsen, Judge Fitzpatrick stated that no arrangements for the financing of the new road had yet been made and that the franchise had never been offered for sale. He reiterated his desire that the road should be constructed by local capital. At the same time he insisted that the road must be built, and realized that unless the people of this city were ready to rally to his support, capital from other sources must be invited. He also urged upon those present the fact that as the purchaser of the franchise he had some rights that were entitled to consideration as well as those of the public and expassed the hope that no attempt would bemade to load down the enterprise with impracticable resrtictions.

The statement of Judge Fitzpatrick elicited from Mr. Tuchsen a strong intimation that the owners of the Key Route system had a longing eye on this section and were desirous of securing an entrance into Redwood City. In fact he had been approached by the managers of that road with a practical request that he should secure an option on the local franchise, a proposition which Judge Fitzpatrick had declned to consder at this time.

Considerable time was given to a discussion of the several suggestions offered to the council by the Board of Trade in the past. As a rule these met with general approval of the conference and were acceptable to Judge Fitzpatrick. Some objection was made to the insertion of the proviso requiring the use of the "Trilby rail" on improved streets. The term was considered rather indefinite, none of those present seeming to be possessed of the kind of rail intended in that name, and it was pointed out that the restriction might preclude the use of rails which in the future might indicate as more suitable than any known. Upon this showing the unanimous conclusion was reached that the provision should not be inserted. It was also decided to be wise to leave the choice of poles to be used to the judgment of the council in the future, instead of designating any certain class of material, Judge Fitzpatrick agreeing that metal poles were desirable on the cenrtal streets and that this might be required. It was finally decided that the provisions of the general law were sufficiently explicit as to the use of portions of the road by other companies, though Mr. Tuchsen insisted that provision be retained as a safeguard against possible undesirable amendments to the State laws.

Thesurprise of the evening came with a suggestion from Trustee Merrill that the proposed franchise should be so amended as to permit of the laying of a double track on Chestnut street from the Southern Pacific right of way to the city limits and the use of at least one of the tracks for the running of freight cars by steam power. In offering this suggestion Mr. Merrill stated that the Waterfront Company, the corporation now developing the factory sites adjacent to the water front, desired a more permanent tenure of the use of Chestnut street than was held under the existing permit for the building iof its spur tracks and that the company was prepared to enter into an agreement with Judge Fitzpatrick for a joint use of this portion of the road and in consideration of the concession to arrange that the electric line have the use of the right of way and road to the factory site. The absence of this franchise appeared to be the only obstacle to the immediate commencement of work on important industrial locations, and the inclusion of this road in the present franchise was the only means of avoiding long delay. The franchise might include, it was suggested, a provision granting all industries located in the factory district the right to the use of the tracks connecting with the Southern Pacific. Incidentally it was brought out that at least two extensive enterprises were now ready to locate on the water front and were awaiting the assurance of the necessary railway connections to commence work.

The suggestion of Mayor Merrill met with the unanimous approval of those present, and all were agreed that the proposed addition to the franchise should be made. After a short discussion of provisions to safeguard the interests of the various sections of that district, City Attorney Mansfield was requested to prepare the necessary additions to the franchise for submission to the council.

While Judge Fitzpatrick expressed a desire to converse with men versed in the construction and operation of street railways before giving his final approval of the franchise, it isbelieved that all will be satisfactory. Should this be the case there is every reason to believe that work can be started as soon as weather conditions will permit.

GRAMMAR BASKET BALL TEAM DEFEATS SEQUOIA

On Tuesday afternoon on the boy's basket ball court in the grammar school play ground the first team of the Redwood City grammer school won a decisive victory over the first team of the Sequoia high school, the score being 35 to 26 in favor of the grammar school boys. This victory of the lower grade is rather unusal, as it is rarely that a grammer school team succeeds in beating a high school league team and the local grammar school boys have proven them selves accomplished athletes.

The lineup of the teams was as follows:

Grammar School—Joe Fitzpatrick and Robert Torres, forwards; Frank Douglas, center; Walter Genochio and Frank Herm, guards.

High School—Henry Winkler and Donald Derry, forwards; Roderick Hydenfeldt, center; George Lamb and Lester Darwall, guards.

Local Church Services.

Rector A. W. Darwall will preach at both morning and evening services at St. Peter's church tomorrow at the usual hours. The Sunday school meets in the morning at 10 o'clock.

Services will be held at the Methodist church next Suunday as usual. In the morning the pastor will preach on "The Possibilities of a Christian Character," in the evening on "The Grand Teacher—Teaching by Miracles."

The Communion of the Lord's Supper will be observed at the Congregational church Sunday morning at 11 o'clock. The evening service at 7:30 will be in charge of the Christian Endeavor society, celebrating Christian Endeavor Day. Everybody is cordially invited to both services. The committee on pulpit supply will make a report at a meeting which will be held immediately after the morning service.

FEBRUARY WILL BE BUSY MONTH FOR WOMEN.

This month will be an unusually busy one for the members of the the Woman's Club. At the regular meeting of the club last Wednesday evening the ladies were treated to an interesting lecture by Professor Edward B. Krehliel of Stanford University on "What Women Can Do."

Following this event will be the regular fortnightly card party of the club on the evening of the 6th at 7:45 o'clock sharp. There will be prizes for the ladies and gentlemen.

What promises to be by far the most interesting event of the month will be the appearance at the club house on Friday evening, of next week of Mr. Wm. John Kohler, one of the most noted Shakesperian actors and interpreters of the present day, in readings from the play of Hamlet. Tickets for this event are now out and can be obtained from members of the club.

The ladies of the Redwood City Woman's Club will give a "hard time" party Feb. 20 at the club house. This will be the last party before Lent. Mrs. R. J. Albertis is chairman of the committee, assisted by members from San Carlos, Belmont and Redwood.

Patriotic Day will be observed on February 15th when Mrs. H. A. Hebard will address the club on "Songs of Our Nation." Vocal illustrations will be given.

A member of the club states that the proposition of having a candidate for the next highschool and grammar school election is being considered.

Kenneth S. Murray, the florist, announces that he has a fine assortment of trees for sale at his nursery on the Woodside road near Redwood and that he will sell them cheap. Now is the time to plant trees and those desiring to put out a number would do well to consult Mr. Murray.

Those desiring an evening of enjoyment should not fail to attend the Native Daughters' dance next Tuesday evening. A good time is assured all who attend.

The Southern Pacific has installed three electroliers, with three lights each, at the depot. The lights are turned on and off automatically when the train approaches and departs from the station.

GRAND JURY MAKES ITS FINAL REPORT

Inquisitors Make Public Results of Investigations of Work of County Officials.

The Grand Jury made its report last Tuesday. The following is the report practically in full:

We call the attention of the district attorney to the incivility and at times brutality of some of the employees of the United Railroads to its patrons in San Mateo county. We recommend that he would take up the matter with its management.

We recommend that no supervisor be allowed to alter or change any plans and specifications for county work without the written consent of the county surveyor and the Board of Supervisors sitting as a body. And we further recommend that the surveyor appoint the inspectors on all county work, and wherever it shall be found that any supervisor has exceeded his authority by permitting any such changes or alterations, he shall be held personaly responsible for any loss sustained.

TheGrand Jurydoes not know if there is any law or authorities permitting the supervisors to employ a foreman in their respective districts. If the supervisors can find a law allowing them such privilege, we would recommend that the pay for these several foremen of the different supervisors be paid a uniform wage, and not as at present, that a foreman in one district receive a greater salary than in a neighboring district. We further recommend that no one be employed to such a position who has any private business to which he might have to give his attention, or any of his time during the hours that he is under pay for the county.

Report on Poor Farm and County Hospital.

Your committee visited the County Poor Farm and Hospital. We found that good order prevails; the grounds and buildings neat and clean; sick hospital rooms, general rooms, and the kitchen department all in good condition. Plenty of good wholesome food for the inmates.

The water supply is very limited, hardly enough for every day use and entirely inadequate for fire protection.

Your committee also finds that farming operations as conducted at the farm, are a source of serious loss to the county each year. Owing to the poor location of this farm, your committee believes it would be a great saving to the county to discontinue this farm—to dispose of the entire 139 acres. We therefore recommend that same be placed on the market at once and sold that a more convenient site of about fifteen acres of good fertile land, well watered and near transportation lines, be purchased and that a modern hospital be erected thereon for use of the sick indigents of the county.

We therefore recommend that the expenditure for whiskey be discontinued except on the physician certificate.

Report on County Jail.

We found the conditions at the jail as good as can be expected under the circumstances; no complaint from the prisoners. Rooms and cells neat and tidy, but we found the jail building old and unsafe.

The location is inconvenient and in a very unsecure place in which to confine criminals. We would simply say that the jail and site on which it stands are no credit to the people of San Mateo county, and we would suggest and recommend as a remedy, that an up-to-date jail be built on the courthouse grounds, in the rear of the courthouse.

Hog Pens.

The hog pens in and around Colma are very numerous and many are in a filthy, condition, thereby creating a public nuisance.

The board of supervisors having passed a county ordinance governing the same, and as a number of arrests have been made, we leave the matter in the hands of the district attorney.

Reports of the Committee on Public Roads and Buildings in the First Township

We, your committee on public roads and buildings in the First township of this county, submit the following as our report:

In spite of the disagreeable weather of the past few weeks, we have traveled over all the roads of the township and have examined all of them carefully. We find the main roads from the line of the Second township to the San Francisco line in good condition.

The San Bruno roads and the San Bruno and Visitacion roads never having been macadamized are now in poor condition, although attention has been given to them by opening the gutters and putting in new culverts.

On the main road we find first-class new concrete bridges. On the San Pedro Roads, four good concrete bridges have been built during the past year. All of them are in good condition. We are glad to note that the main road has been widened at Millet's corner, and strongly recommend that the road be widened at Collopy's corner, where there is great danger at present.

We find nearly all the school houses in good condition and well managed. We particularly noted the two new school houses in Daly City and find them well laid out and well built.

In the San Bruno Park school we noted the stovepipe connections were not in good condition; that the stove smoked and that there might bed anger of fire. We called the attention of one of the trustees to this dangerous condition.

We noted that the South San Francisco school was being greatly improved by the putting in of a new complete sanitary system.

We noted that a new school is very necessary in the Visitacion dirstrict, the present one being in a dilapitated condition.

Upon the whole we can consistently say that the money in the First township has been carefully spent.

Report of Committee on Roads and Schools of Second Township.

Your committee on roads and schools of the Second township have carefully inspected the highways, school buildings and grounds of this district, and beg leave to report as follows:

We find the main County road from Burlingame to Redwood City in very good condition. The Halfmoon Bay road from San Mateo via Crystal Springs Lakes, as far as Burns' store, is in excellent condition, well turnpiked, rocked and rolled, and the ditches all opened and well drained. Most of the side roads running off the main County road are also in fair condition, with the possible exception of several blocks of the Belmont and Halfmoon Bay road near and just west of the Belmont station. A portion of this road is at present in a worse condition than it has been for many years, owing no doubt to the insufficient turnpiking and lack of proper ditches. At a place right near the depot, the center of the road is actually lower than the sides, with no attempt of ditching whatever at this piece of the road. We recommend that this be remedied at once. The above condition has been aggravated perhaps by the closing of a certain culvert by the order of the supervisor, as we have been informed this culvert has done good service and has been in use ever since the road was first laid out, and carried the excess of storm waters from the north or high side to the south and lower side of the road, and thence by the nearest way to the creek. The closing of this culvert brings all the water frrom Ralston avenue as well as from the South Road, down on the north side toward the pdepot ground, and not being confined in a ditch spreads over a wide stretch of land and flat road at this point, making it almost impossible for pedestrians to reach the station without rubber boots during this time of the year.

We do not thing the supervisor had any right to close this culvert and recommend that the same be opened without delay.

We would also recommend that the county surveyor furnish the board of supervisors with all the data regarding a lower grade road via the poor farm valley, and by either deep cuts or tunnel through the divides to Halfmoon Bay, and if found pactical and not too costly, that this road be built which we thing would greatly increase the selling value of the poor farm.

Third District.

We, the committee on roads, bridges and school houses of the Third township, submit to you the following report as we have found them on our investigations:

Summit Springs road—The road, bridges and culverts we find in good condition, but would recommend guard rails on the upper bridge close to the summit. It is very dangerous the way it is now, in our estimation.

Mountain Home road—This road is in pretty bad condition. It is full of holes and slush, and is badly in need of rocking.

La Honda road—This road from the bottom of the hill at the old Preston place clear over the summit down to the bridge below Kieffer's is in a very bad condition and hardly passable. The mud is knee deep and in places you will almost mire thehorses.

Portola road—This road is also very bad. It is full of holes and slush and hardly passable in places. This is a good deal the fault of lack of drainage. We also find one bridge in poor condition, some of the timbers being very rotten.

Alameda De Las Pulgas—This road on the upper end toward the Holy Cross cemetery is very bad, and one bridge on the same is dangerous to pass over.

Bear Gulch road—This road we find in very good condition, well drained etc.

The Canyada and West Union Roads and some of the small roads down in the valley we find in fairly good condition.

Woodside road—This road leading from Five Points up towards Woodside we find we cannot give a verified opinion, and we thing it best to leave this to the Grand Jury as a body to pass on.

Alpine road—We find this road in poor condition. Also on one of the bridges on top fo the summit there are some loose planks which should be attended to. We also recommend that several of the small bridges leading from the summit down towards La Honda should have side rails.

Schools.

In regard to the school houses, will state that we find they are practically all in good condition.

At the Menlo Park school house we find that the front doors swing in, and we recommend that this be remedied immediately.

At the Redwood City grammar school house we find the same in good condition with the exception of the furnace which is inadequate and out of date and does not furnish the proper unity of heat through the rooms. We recommend that the same be replaced with an up-to-date furnace.

We also recommend that the present wooden sink under the drinking fountains be replaced with an enameled sink.

We also recommend that the urinals in the boys' quarters be partitioned off with glass partitions, as we consider these the most sanitary.

We wish to compliment the school trustees upon the addition of mechanical training and domestic science courses, which is appreciated by the general public.

The Sequoia Union High School we find to be in first class condition. We recommend that the trustees of the high school be requested to improve the sanitary condition of the school grounds.

We also wish to extend the compliment to the trustees of the high school for the addition of the two new courses mentioned above.

Report on Roads and Schools of Fouth Township.

Your committee on roads from the Fourth township, begs to report as folliws:

The road from township line on the mountain to Halfmoon Bay has recently been macadamized and is in excellent condition.

The road from the town to the Fifth township line has been recently repaired and is in bad condition. Ey-roads in the Purissima canyon are also in bad ondition.

The road from Halfmoon Bay to the Martini ranch is in fair condition.

Schools in the lower end of the township were closed and it was not possible to investigate their condition. The other school houses are new and therefore in good condition.

Report of Committee on Public Roads and School Houses of the Fifth Road District.

We, the undersigned committee, appointed to inspect the roads of the Fifth road district and school houses of said district, herewith submit our report as follows:

We find from an inspection of the accounts of the Fifth road district, that during the year 1910, $18,528.14 was expended in said road district for road work. That duing the year 1911, $5,925.85 was expended for road work, in said Fifth road district.

On January 21, 1912, we inspected the road from Pescadero to Gazos creek along the coast. We found same in very bad shape. We also inspected the cement work in the bridges and culverts on said road and found portions of same in bad shape; work unsatisfactory and material bad.

We inspeced tthe school house and outbuildings at Pigeon Point, and found the same in very good shape.

The county road up the Gazos creek we found to be in very bad shape, also the back road from Gazos creek to Pescadero. These roads need a great deal of work to make same passable during bad weather.

Wefound and inspected bridges on said back road crossing to the Butano creek, which is 97 feet long, with the center span of 57 feet. We found the mud sill of the bridge on the right side of the creek going up stream, and to be about 4 feet above creek bottom, and resting upon soft ground, and liable to be washed away at the first high water. The road coming into Pescadero from Gozos acreek by the back way is in very bad shape.

On January 22d, 1912, we inspected the road up the Pescadero creek, as far as the Hayward bridge, and found the same to be in bad shape. This road was lately rocked, and after same was rocked it was widened in several places, and hte dirt taken was thrown upon the rock which left the road in very poor shape.

Our inspection of the main county road from Pescadero to San Fregorio, we found same in bad shape. We found two cement bridges at the upper end of the Moor ranch to be very poorly constructed. The gravel used in same came out of the Pescadero creek and is of a soft chalky nature, and from our investigation it appears that the gravel was not screened. Concrete culverts were made of the same material. We found the cement bridge on the main La Honda road at San Gregorio to be badly cracked. Seven feet, 4 inches from the bottom of the creek, the crack in the bridge is 11 inches deep; 2 feet, 7 inches from the outside face wall of the bridge, there is a crack 13 inches deep, and another 16½ inchesdeep. Thecracks run the long way of the bridge.

Many of theculverts that we examined we found not properly opened or excavated at the ends so as to permit the free passage of the water.

From our inspection of the concrete work, it would appear to us that instead of having the supervisor of the township appoint an inspector of the concrete work, that the county surveyor, who prepares the specifications for all bridge and culvert work in the county, and who has supervision and acceptance of the same wark, appoint and control all inspectors over cement work in the various townships.

Oil Roads.

The Grand Jury has diligently into the merits and demerits of theoiled roads of the Third district and has examined quite a number of witnesses, and we consider that the building of any future so-called oil roads as practiced in the Third township, be discontinued as the same is very costly and unsatisfactory, and we believe far better results can be obtained at present with properly macadamized or rocked roads. It having cost the county approximately $50,000.00 for oiled roads in the Third district without permanent results.

We also recommend that a man be placed on the Woodside road to keep it in repair during the winter months, by filling in ruts and ditches.

We further recommend that whe trees shade the County road too much, they should be trimmed or removed to prevent further deterioration of the road. And where the roots of an trees enter into or interfere with any sewer system, that any such trees be cut down altogether as a sanitary measure.

Public Service Corporations

Whereas, it has came to the knowledge of this Grand Jury that certain public service corporations who hold very valuable franchises in this county, obtained without money or price, do, contrary to the latest decision of the Supreme Court of this State, still persist in collecting Five Dolars ($5.00) meter deposit for placing meters in houses even if said houses are occupied by their owner, thereby putting unnecessary and unlawful burden on the tax payers of this county. The Grand Jury therefore requests and instructs the district attorney to inquire into this matter and if the facts warrant, to prosecute any and all such discriminations and injustices.

Final Summing Up.

We, the Grand Jury of 1911-1912 believe that the sums set aside each year for the different departments of the county are amply sufficient if handled in an economical and busi nesslike way, for it ought not to cost the county any more for the same work than it would cost an individual, but it does cost the county a good deal more. There may be exceptions, but we all know the above is the rule. There is too much extravagence altogether in the expenditure of the public money. It is safe to assert that no splendid public official charged with the expending of public moneys would use the same extravagant methods in his own private business. There was $102,679.00 spent on the roads of the county in 1911, exclusive of general fund. Does any person believe we are benefited in proportion to the money expended? This is a very bad state of affairs and we believe it is our duty to protest strongly against it.

Regarding our county taxes, the fact that the real property of the county is steadily being assessed higher, ought to make our taxes lower, but such is not the fact. Our taxes are constantly growing bigger and thereby preventing good citizens from settling in our county.

JOHN B. KELLY, foreman.
B. SHEEHAN Jr., Secretary.

Attorneys Substituted

Attorney George S. Sargent has been substituted for J. Fleming, attorney for defendant in the case of Ansel M. Easton against Chas. W. Ridgway Jr., and others. The substitution was filed in the county clerk's office Wednesday.

In the program at the Bell Theater last evening was shown one of the most stirring military pic tures yet produced for the biograph. The old story of the romance of the Civil War is enhanced by an exhibition of the courage developed in the heart of an apparent coward by the scorn of a woman. The action is kept alive with abundant scenes of adventure incident to the life of a soldier on the field of battle. The picture will be repeated this evening and those who were not in the audience last evening should not fail to see it.

If you want a good clean evening's amusement, try the Bell Theater.

WOMANS RELIEF CORPS OFFICERS ARE INSTALLED

At a well attended meeting of General George S. Evans Relief Corps held last Friday evening in the Odd Fellows Hall, officers for the new term were installed. The installation service of the ritual of the Order was conucted by Mrs. Sarah Wentworth, Past President of the Corps, who placed in their positions the following officers: Martha George, president; Florence Beard, senior vice president; Hattie Kirste, junior vice president; Mary E. Read, secretary; Augusta Geary, treesurer; Harriet M. Nichols; chaplain; Mary Winter, conductor; Regina Hess, guard; Mollie Rice, assistant conductor; Ellen Mero, assistant guard; Mamie Glennan, Agnes Coleman, Marie Lipp and Henrietta Jacobus, color bearers; Lydia Brown, patriotic instructor; Lu A. Harris, press correspondent; Dolly Jamieson, musician.

After the officers had taken their seats, the new president began her official duties in a most pleasant manner by presenting on behalf of the members of the Corps a very handsome past president badge to Mrs. Bertha Werder, who during the past term had most acceptably preformed the duties devolving upon the executive officer of the organization. The badge is a beautiful one and suitably indicates the esteem in which Mrs. Werder is held by her fellow members. Considerable time was spent by the members discussing the program for the celebration of the anniversary of the organization of the Corps, which falls on the same date as that of Lincoln's Birthday and consequently will be made a double observance. As a portion of the observance it is intended that the ladies of the Corps and their husbands shall enjoy a reunion and supper in the early portion of the evening.

PROMINENT PIONEER WOMAN PASSES AWAY.

At noon yesterday Mrs. Eliza Jane Murch, an old pioneer of Redwood City, passed peacefully away at her home on Mound street after an illness of three weeks, caused by a stroke of paralysis. Shewas resigned and knowing that the end was near caimly awaited the call of the death angel. Having lived a true Christian life she did not fear death, knowing that her earthly sufferings would be ended and that she would be reunited with her husban. Mrs. Murch was a devoted Christian woman, a zealous member of the Congregational church and truly charitable. The deceased came to Redwood City in 1874, ever since being identified with the best interests of the community. Her husband preceeded her to the grave in 1886. He was a wheelright by trade and for years worked for Hilton and Titus of this city. Her son, Samuel T. Murch died suddenly a few years ago. The deceased is survived by her two daughters, Mrs. Lila Kirkpatrick of this city and Mrs. S. T. Ferguson of Minneapolis. She will arrive here to-day. Mrs. Murch had passed her 77th year the day before her death and it was her wish that she should live long enough to see this birthday. The funeral will take place Monday from her late residence and the remains will be placed on the 12:14 o'clock train to Cypress Lawn cemetery where services will take place in the chapel there. In the death of Mrs. Murch the community loses a woman of the highest ideals and one whose pure life should be an inspiration to the youth of Redwood City.

Hotel Changes Hands.

Frank Dougherty, who formerly conducted the Dalve Hotel at Woodside, has leased the Grand Hotel at South San Francisco for a term of years. He is well experienced in the business, courteous and obliging and attentive to his guests. He is a polished Boniface with a wide circle of friends throughout the county. His numerous acquaintances bespeak success for him in his new location.

Mullen Gets Raise.

John E. Mullen, son of ex-Supervisor John Mullen of Halfmoon Bay, has been promoted to a $5 a day position in the custom house at San Francisco. He was appointed a night inspector over twenty years ago by Timothy Gup Phelps. The Mullen family, who were prominent on the coastside of the county many years ago, have resided in San Francisco for several years.

Best Service Promised.

In order to secure the best possible lighting service it is quite necessary that the lamp globes be renewed when the glass shows signs of blackening. Incandescent lamp after long use lose their brilliancy and should be replaced with new Edison lamps. In order to demonstrate that new lamps will result in better light, the Pacific Gas and Electric Company proposes to renew a few lamps in the residence of each consumer who will allow their representative to make the replacements. They bespeak for employees engaged in this work the cooperation of consumers.

WORDING OF NOTE RAISES INTRICATE LEGAL QUESTION.

The suit of E. S. Moulton against William F. Couter and his wife, Agnes G. C. Couter, was tried in the Superior Court Wednesday and ordered submitted on briefs. The case is a peculiar one, involving some intricate legal points.

On August 12th, 1908, Couter and his wife executed a promissory note in favor of the E. M. Warn Lumber Company for $396.20 in consideration for lumber and material furnished Couter, who is a contractor at San Mateo. The note reads: "On demand, or one year after date, for value received, we promise to pay E. M. Warn Lumber Company," etc. The suit was filed in September; 1910.

The defendants contend that the instrument is a demand note and being such Mrs. Couter is not liable for its payment, in as much as she received no consideration. On the other hand Mr. Warn testified that it was understood by the parties that the note was to run for a year. By the wording of the note it is hard to construe it as to whether it is on demand or for a year. This is important in view of the fact that Mrs. Couter is responsible, while her husband has no property in his name it being in the name of his wife. The note was assigned to Mr. Moulton some time ago. John D. Willard is attorney for plaintiff.

Herman Steinberger of New York was here Sunday to visit his brother Henry whom he had not seen for ninteen years. It is needless to say that the meeting was a pleasant one. Herman will locate in San Francisco.

BULLET ENDS FAMILY TRTUBLES OF MOORES

HUSBAND SUSPECTS WIFE, HE ATTACKS CHAUFFEUR AND IS HIMSELF FATALLY SHOT.

Will of Deceased is Filed in Which He Bequeaths Estate to His Son, Leaving One Dollar to Wife.

Unrequited love made a maniac of John J. Moore and caused his death. Believing that his wife, who had recently attempted to divorce him, and against whom he had made sensational charges, was keeping company with another man, Moore came to San Mateo Saturday and concealed himself at the home of his wife where he encountered Samuel L. Timothy, a chauffeur whom he suspected, and a revolver duel ensued, Moore firing the first shot, and finally receiving a fatal wound at the hands of his antagonist. He died at the Red Cross hospital Sunday night having made a sworn statement in which he admitted attacking Timothy, and said that his wife was in the machine with the chauffeur.

According to the story told by Timothy, he was driving past the Moore residence when his machine failed. As he was bending over the hood of the car, a man stepped from behind a tree on the side on the road opposite the Moore Lome calling out, "You're the — — I'm laying for," fired two shots. Timothy hid behind the car, he says, in time to escape two more bullets. Timothy asserts that he drew his own revolver and fired once.

The bullet struck Moore in the abdomen, but he did not fall. Captain H. N. Royden who resides nearby, ran to the scene and found Moore still standing by the road. With the assistance of a maid from the Moore residence, the wounded man was carried into the house.

Shortly afterward Moore was removed to a hospital, where he made a statement of City Attorney Charles N. Kirkbride.

Timothy surendered to Chief of Police Boland and was later taken to this city by the sheriff.

But one chamber of Timothy's reviver had been discharged.

Moore passed away Sunday evening. The fatal shot had pierced his abdomen and lodged in his back. When Mrs. Moore learned of her husband's death she became hysterical. It is understood that Moore had made several recent attempts to affect a reconciliation with his wife but had failed.

Tuesday Moore's will was filed in the office of the county clerk for probate. The will was executed January 5th and by its terms all of the property of the deceased, which is declared to be separate property, is bequeathed to his son, Jefferson Macleod Moore, except one dollar which goes to Mrs. Moore. Jefferson Moore is named as executor for without bonds, with power to dispose of the property as he may elect.

Young Moore was appointed special administrator with bonds fixed at $10,000, to act until the will is admitted to probate. The hearing will be had February 17th.

It is expected that there will be vigorous opposition to the will on the part of Mrs. Moore.

WITH AN INSURANCE POLICY IN HAND

you will not be worried to death every time the engine turns out. They won't mean such a possibility of ruin to you. The freedom from worry is alone worth the cost of the insurance. Have us get you out a policy today and even if you never have a fire, the sense of protection will be worth more than the cost of the policy.

In the Superior Court of the State of California, in and for the County of San Mateo.

In the matter of the estate of Jane Gibson, deceased. No 1506.

Order to show cause.

Albert Gibson, the executor of the estate of Jane Gibson, deceased, having filed his petition herein, praying for an order of sale of certain real property of said deceased for the purposes therein set forth, it is therefore ordered by the Judge of said Court that all persons interested in the estate of said deceased appear before said Superior Court on Thursday, the 8th day of February, 1912, at ten o'clock in the forenoon of said day, at the court room of said Superior Court, in the Court House, at Redwood City, in the County of San Mateo, State of California, to show cause why an order should not be made and granted to the said executor to sell the real estate of said deceased, either at public auction or at private sale, as to the said executor shall seem for the best interest of said estate at the time of making said sale.

And it is further ordered that a copy of this order be published at least four successive weeks in the Times-Gazette, a newspaper printed and published in the County of San Mateo, State of California.

Dated, this 8th day of January, 1912.

GEO. H BUCK,
Judge of the Superior Court.

Harry E. Styles, attorney for said estate. 1-6-5
